Comments	<p>Your team canvas shows a good initial team alignment. You have started really well on the challenge delivering well-thought and researched outputs. The page is well structured and you have included good quality references. I would link from the Challenge and Problem Research page to the Conducted Interviews page since the interviews are relevant research information. You have transcribed the interviews. I am missing a compilation of the information that you are drawing from the interviews.</p> <p>All team members have access to the GitHub Repository, and you are using GitHub issues very well. Great job and keep up the good work!</p>
